Education is the prior mandate of the SKS Pratishthan. Recently the syllabi of curriculum in various subjects have been changed with a new perspective and there had been an appeal by MHRD to submit suggestions in the draft of syllabi of various subjects. Many teachers and educationists have many suggestions to make but do not come forward. SKS PRATISHTHAN decided to offer a forum for such subdued suggestions and called a convention of teachers and educationists on the very first day of the new financial year. On appeal, junior colleges and schools participated through their representatives. Eminent scholar and known educationist of national repute Mr. Suryanarayan Ransubhe was the chief guest and a renowned activist in the field of education former Principal Mr. Aniruddha Jadhav presided over the function. Throughout the day delegates discussed as brainstorming on the issue and the valedictory finished off with a draft of thirty pages which was submitted to MHRD for consideration before the scheduled date. This very venture was welcomed and appreciated by the media and the field of education. Particularly, this was described as the first attempt of bringing the teachers in rural area together in this issue.

3. MARATHI GAZAL MUSHAIRA / RECITAL PROGRAMME

Literature gives a way of expression to the thoughts of society. Marathi gazals are offering a great way out to expression of thoughts on various social issues in the current scenario in the field of Marathi literature in these days. The SKS Pratishtan organised a programme of gazal recital GAZAL MUSHAIRA, in commemoration of the great poet and pioneer of Marathi Gazals – SURESH BHAT, on dt. 15.04.2018, wherein a galaxy of young and senior gazal writer poets were invited. A studied class of audience attended the recital and it was appreciated by print media.

4. SPECIAL GUIDANCE THROUGH INVENTORY CLASSES TO RURAL STUDENTS

Due to an unfortunate but a certain fear in the minds of students of the 9th and 10th standards, the number of failures particularly in the subjects of Mathematics, English language and Science. is considerably worriably more. Considering this, the SKS Pratishtan took a lead to arrange a series of inventory classes by eminent teachers working in various renowned educational institutes, for these subjects. The first of such a kind of class was arranged in the home village, Pangaon, on dt. 14.07.2018. In the Saraswati School of Secondary and Higher Secondary Education at Pangaon, 160 students of the class 9th and 10th attended this special coaching by eminent and expert teachers from Latur and Ambajogai. The experts were, Mr. M. K. Kabade (Professor in Physics), Mr. Shridhar Nagargoje (Expert in English at DIET) and Mr. Kasture (Expert in Mathematics). The students were happy and satisfied with the inspirational and interesting teaching given by these experts. The function was inaugurated by the Chairman of Local Body (Gram Panchayat) Mr. Sukesh Bhandare, in presence of the Executive Members of the SKS Pratishtan. A good quality Dictionary was presented to the students, as Educational Aid.

5. MEDICAL AWARENESS CAMP FOR THE ADOLESCENT GIRLS AND THEIR MOTHERS

Dr. Sunita Patil, the Women Health expert from Latur delivering guidance to adolescent girl students and parents at Pangaon

The big attendance of women listening enthusiastically to the medical guidance

Its sensitive that, simple natural physiological process of menstruation, produces a hindrance in education of the adolescent girl students. Particularly in rural areas, the fear, consciousness, discomfort, hesitations are aggrieved by lack of knowledge and awareness. The problem of handling so routine and natural process is taken in a very naïve manner, frequently forcing them to compromise over consistency in daily school activities, studies, regularity and concentration. This brings a weakness and inferiority complex to the girl students. This fact came before the forum of discussion during the first convention of teachers in rural areas. The Trust has sincerely thought and inadvertently put itself into an action plan to work on this issue. A series of medical awareness programmes over this issue has been planned. The first one was arranged in Saraswati Vidyalaya at Pangaon. However, the Chairman of the Manav Vikas Sanstha came forward to help for organizing it for the girls in all the schools in Pangaon. This resulted in an organized meet of about 400 girl students, alongwith their parents, folk women, women - social workers. Dr. Sunita Patil, Dr. Jayashree Hujare, Dr. Rajani Chavan and the social worker teacher Mulla Ruksana Mainoddin were the main speakers.

8. EDUCATION MATERIAL TO SCHOOLS

The schools are always in need of good reading material for improvement and suggestions on innovations. Such a kind of reading material was found to be compiled in a Diwali Special Issue of daily 'UDYACHA MARATHWADA', including the articles of eminent educationists, office bearers and former as well as working education ministers. The material if made available to teachers, may inculcate better passion and modus of imparting education in rural area. Hence, 10 schools in rural area were gifted with issues of this important reading material, based on education and education methods.

9. INSTALLATION OF SANITARY PAD VENDING MACHINE IN SCHOOL

In continuation and persuasion with the medical awareness campaign, a more constructive need based activity was carried out, in order to concentrate on the issues of health among the girl students and their mother parents. On occasion of Savitribai Phule Jayanthi, a semi automatic Sanitary Pad Vending Machine was installed in donation, at Tirupati Vidyalaya, Pangaon. The importance, mode of use and maintenance were explained to the students. The Head Master, staff and students enthusiastically welcomed and appreciated this venture of the Turst. Apart from this, a group of voluntary students was also formed to monitor the use and maintenance of the machine.

10. SURVEY OF MEDICAL PREDICAMENTS AMONG THE ADOLESCENT GIRL STUDENTS IN RURAL AREA

In persuasion of the medical predicaments, particularly, menstruation and allied processes, it has been observed, that there is still need to look into the problem through many windows. One such window can be opened by making the girls express themselves. A thoughtful, crisp questionnaire was drafted and it is being circulated through schools in rural area. So far we have been able to circulate it among 500 students in five schools and there is a good response to it. A target to reach to about 1 lakh girls is set for the next year, through this survey. It is speculated that, this will generate good baseline data to establish indicators of rural women health in adolescence and will be helpful in designing further need based action plan.

11. MEDICAL AWARENESS CAMP FOR THE ADOLESCENT GIRLS AND THEIR MOTHERS AT UJANI TQ. AMBAJOGAI DIST. BEED

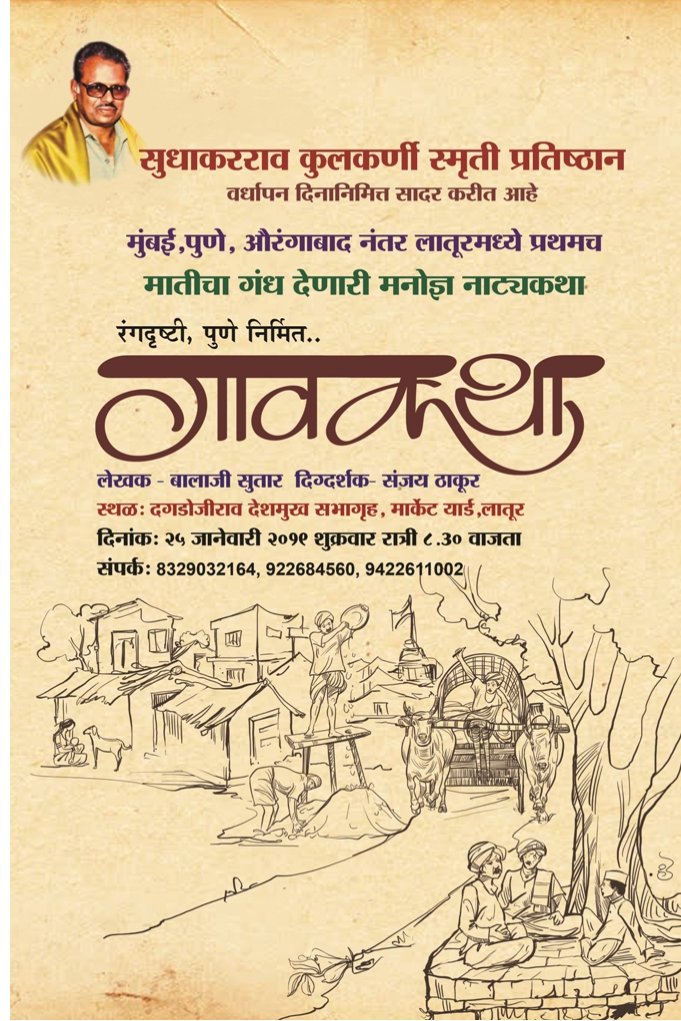

The Trust has sincerely thought and inadvertently put itself into an action plan to work on the issue of abstinence of education in rural girl students due to particularly the inevitable menstruation and allied health problems. A series of medical awareness programmes over this issue has been planned. The first one was arranged in Saraswati Vidyalaya at Pangaon on the 23rd of October, 2018, followed by installation of Sanitary Pad Vedning Machine on 3rd of January, 2019, in commemoration of Late Savitribai Phule, the pioneer lady activist for initiative in Women Education in Maharashtra. It was seconded by the awareness programme at a village Ujani, in Siddheshwar Vidyalaya, at a village Ujani, (Tehsil Ambajogai, Dist. Beed) on 10th January, 2019. Parents, folk women, women social workers were also present.. Dr. Sunita Patil, and the social worker teacher Mulla Ruksana Mainoddin were the main speakers. Dr. Swapnali Swami of the Primary Health Centre and the lady member of Executive Body of Pratishthan Sow. Vrushali Kulkarni were also present alongwith the lade teacher staff of the school. More than 125 girl students were present for this programme and they had an interactive session with the medical officers at this moment.

12. CELEBRATION OF NATIONAL SCIENCE DAY AND INSTALLATION OF PANGAON CHAPTER OF MARATHI VIDNYAN PARISHAD

Marathi Vidnyan Parishad (Mumbai) is a renowned organization working for awareness of science through various activities. It takes science to the common people in their language Marathi, the mother tongue of Maharashtra state. The Pratishsthan, being well verse with its activities and in good rapport with it through earlier work of the office bearers, took a decision to open the chapter of MARATHI VIDNYAN PARISHAD in rural area i.e. Pangaon (Tq. Renapur) at its office place. After a sincere correspondence and assurance, the main office of Marathi Vidnyan Parishad, Mumbai accorded permission and the Pangaon chapter of Marathi Vidnyan Parishad was opened for the first time, on occasion of National Science Day on 28th February, 2019. An activist of Progressive Movement and renowned pressperson Mr. Jayprakash Dagade was the chief guest and the function was presided by the Ssrpanch (Chairperson of the Local Administrative Body – Panchayat) Mr. Sukesh Bhandare. On this occasion certain scientific experiments were shown to the audience and the inauguration was carried out by watering a plant. Many students from various schools in Pangaon with parents, as well as the villagers attended the function to understand the ‘Importance and Relevance of Science, in Life Development’

The commemoration of Late Sudhakarrao Kulkarni was performed as Anniversary of the Trust, with a socio-cultural performance of drama based on rural life and limitations. Also, at the same time the artists from various corners of rural area enacting the play entitled 'GAW-KATHA' were felicitated. The drama being written, directed and enacted by the renowned young artists from rural areas was selected with a purpose to focus on the tenets of the trust. The renowned MLA from Teachers Constituency Mr. Vikram Kale, the MNC Commissioner Kaustubh Diwegaonkar, Sarpanch of Pangaon Sukesh Bhandare, Vice Chaorman of Pannageshwar Sugar Factory, the educationist and pioneer of Latur education pattern Mr. Aniruddha Jadhav, Ex-Vice Chancellor of the SRT University, Nanded Mr. Madhukarrao Gaikwad and eminent leaders and officers in the district and other eminent personalities from the area were the chief guests.

14. CELEBRATION OF SURESH BHAT JAYANTHI AND GHAZAL RECITAL

As per the last year, the Birth Anniversary of Marathi Ghazal maestro, Suresh Bhat was celebrated by conducting a Marathi ghazal recital programme (MUSHAYARA) and felicitation of a senior Urdu Poet in Latur Mr. Jhaheeroddin Syed, 'Josh', on dt. 15.04.2019. An another Marathi – Urdu senior renowned Poet Mr. Ajay Pande presided over the function and the it was rejoiced by a good number of audience, consisting of eminent poets and literature lovers in the city.

The programme is performed as a regular venture every year in order to inculcate and encourage ghazal performance, as one of the steps towards conservation of language Marathi and its heritage of high standard poetry. The series of such programmes 'GHAZAL-MALA' has been formed as an integral part of the objectives of the trust, for performing literature oriented programmes towards Marathi ghazals, particularly. .
